```php
function add_copy_link() {
    $text_before_link = ' Read More: ';
    $number_indents = 2;
    $br = str_repeat('', $number_indents);
    $url = 'window.location.href';

    ?>
    <script>
        document.addEventListener('copy', function(e) {
            var selectedText = window.getSelection().toString();
            var pageURL = <?php echo $url; ?>;
            var copiedText = selectedText + '<?php echo $br . $text_before_link; ?>' + pageURL;
            e.clipboardData.setData('text/plain', copiedText);
            e.preventDefault();
        });
    </script>
    <?php
}

add_action('wp_head', 'add_copy_link');
```
